Prequalification Application

CONTRACTOR PREQUALIFICATION FOR THE UNION SCHOOL DISTRICT

For any public works contract of the Union School District (“District”) where prequalification under Public Contract Code §20111.6 is required, prime contractors with A or B licenses (“general contractors”), and mechanical, electrical, and plumbing contractors (i.e., those contractors holding C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, or C-46 licenses, whether acting as prime contractors or subcontractors), that are planning to submit, or planning to be included in, a bid or proposal for that contract may apply for prequalification, as described below. In addition, any contractor or subcontractor may become prequalified through the District’s annual prequalification process for future District projects that will require prequalification under Public Contract Code §20111.6, as described below.

Prequalification application packages are available by request from Greystone West Company at 707-933-0624. This prequalification package includes a questionnaire and financial statement, both of which must be verified under oath. The District will use the information and documentation required by the package to prequalify contractors in accordance with applicable law.

PREQUALIFICATION PROCEDURES

Timeline

1. For a particular contract where prequalification is required, the completed prequalification application package must be submitted at least ten (10) business days before the bid opening or deadline to submit proposals, unless the bid package or request for proposals for that contract requires submittal by an earlier deadline. Any prequalification application package that is received after the application deadline will be deemed untimely and will not be reviewed, and the contractor will not be permitted to bid on, or submit a proposal for, that contract. The District will provide a list of all prequalified contractors to all applicants at least five (5) business days prior to the bid opening or the deadline to submit proposals.
2. The deadline for submitting a completed prequalification application package for the annual prequalification process is the 1st Wednesday of August by 1:00 P.M. If a contractor fails to submit an application for the annual prequalification process, it may still submit a prequalification application for a particular contract (see above). The District will provide a list of all prequalified contractors to all applicants by the 2nd Friday of August. Any prequalification application package that is received after the application deadline will be deemed untimely and will not be reviewed, and the applicant will not be permitted to bid on, or submit a proposal for, a contract unless it is prequalified for that contract pursuant to the process outlined in the previous paragraph.

Questionnaire

All questions in the questionnaire must be answered. If a question is not applicable, then indicate a response of “N/A.” “You” or “Yours” as used herein refers to the applicant’s firm and any of its owners, officers, principals and qualifying individuals. If two or more business entities submit a bid

or proposal on a contract as a Joint Venture, or expect to submit a bid or proposal as part of a Joint Venture, each entity within the Joint Venture must be separately prequalified.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the contractor on whose behalf that person is signing. If any information provided by a contractor becomes inaccurate, the contractor must immediately notify the District and provide updated accurate information in writing, under penalty of perjury. Each applicant shall have a duly authorized owner, officer or principal complete the questionnaire and verify the truth of the information provided therein and in the financial statement.

Financial Statement

In addition to completing and verifying the attached questionnaire, each applicant must submit and verify its most current reviewed or audited year-end financial statement, which must have been prepared by a certified public accountant within twelve (12) months of each applicant's submission of the prequalification package. Each applicant must also provide and verify its most current financial statement, which must have been prepared within three (3) months of each applicant's submission of the prequalification package. Each statement must be signed under penalty of perjury by an individual who has the legal authority to bind the contractor on whose behalf that person is signing. Finally, each applicant must submit a notarized statement from an admitted surety insurer (approved by the California Department of Insurance and authorized to issue bonds in the State of California) which states the applicant's current bonding capacity.

Financial statements submitted with this prequalification package shall not be prepared by any individual who is in the regular employ of the firm submitting the statement, nor by any individual or entity who has more than a ten percent (10%) financial interest in the firm's business. If the individual or entity that prepared a financial statement submitted with this prequalification package has any financial interest in the firm's business, the firm shall notify the District of such financial interest in a separate signed statement accompanying this prequalification package.

Submission

Applicants are encouraged to submit their completed prequalification packages as soon as possible, so that they may be notified of prequalification status well in advance of the bid process or any applicable proposal deadline. Completed prequalification packages will not be accepted beyond the deadlines above. The completed prequalification packages should be sealed, marked "**CONFIDENTIAL PREQUALIFICATION APPLICATION**," and mailed or delivered to the following:

**Union School District
Attention: Rita Sohal, Assistant Superintendent
5175 Union Avenue
San Jose, CA 95124**

Contractors are solely responsible for ensuring timely delivery to the person and address given above. The District will issue a written acknowledgement of receipt of a hand-delivered prequalification application upon the applicant's request at the time of delivery. If an applicant

does not obtain proof of date of delivery, whether through a mailing tracked by a third party or a District receipt for hand delivery, then in any dispute regarding the date of delivery it will be presumed that the application was not timely delivered.

Any contractor that does not timely submit an application and is not already prequalified will not be eligible to bid or submit a proposal.

The questionnaire answers and financial statements included in the prequalification packages submitted by contractors are not public records and are not open to public inspection. All such information provided will be kept confidential to the extent permitted by law, although the contents may be disclosed to third parties for the purpose of verification, investigation of substantial allegations, and in the process of any subsequent proceedings. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Evaluation by the District

The District will evaluate the information provided and issue each submitting contractor a rating of “Prequalified,” “Not Prequalified.” The District’s decision will be based on the information provided, references, and such additional outside information as the District in its discretion deems reasonable and necessary to obtain. The District may, but is not obligated to, investigate the truth of any statements or information provided by a prospective bidder in response hereto.

Any contractor deemed prequalified by the District will remain prequalified for any contract that has a bid opening or proposal deadline within one year of the District’s written notification of prequalification to that contractor or, if no written notification is given, within one year of the District’s receipt of that contractor’s prequalification application. Any contractor that was previously prequalified by the District, and whose prequalification status has not expired as of the bid opening or proposal deadline for a contract, need not apply again for prequalification for that contract. The contractor bears full responsibility to track the expiration date of its prequalified status, to confirm with District that it is prequalified for the bid opening or proposal deadline of a contract, and to make sure that it re-applies for prequalification if necessary for a contract. The District will not notify a contractor, and has no responsibility to give notice to a contractor, of the expiration of its prequalification status, whether before or after the expiration.

Appeal

A contractor who has timely submitted a completed application package, and who receives a rating of “Not Prequalified” from the District may appeal that determination. There is no appeal from a finding that a contractor is not prequalified because of a late application or a failure to submit required information. A contractor may appeal the District’s decision with respect to its request for prequalification, by giving notice to the District no later than five (5) business days after receipt of notice of its qualification status. Notice shall be sent to the address listed above. Unless a contractor files a timely appeal, the contractor waives any and all rights to challenge the qualification decision of the District, whether by administrative process, judicial process or any other legal process or proceeding. The District reserves the right to resolve appeals before or after the opening of bids or proposals or award of any contract. The date for submission and opening of bids or proposals for a

specific contract and any subsequent contract award will not be delayed or postponed to allow for completion of an appeal process.

Bids and Proposals

A bid or proposal will not be accepted from any contractor that did not timely submit a completed prequalification questionnaire and supporting documents, including financial statements, to the District, unless the contractor was previously prequalified by the District within one year of the bid opening or proposal deadline. Omission of requested information, falsification of information, or failing to use the forms provided by the District may result in a finding of “not prequalified. No bid or proposal will be accepted from any contractors that was not timely deemed to be “prequalified” by the District.

Any mechanical, electrical, or plumbing contractor, as defined by Public Contract Code §20111.6, required for any contract must be prequalified pursuant to these prequalification forms and requirements, and all general contractors must use prequalified mechanical, electrical, and plumbing subcontractors. If a mechanical, electrical, or plumbing subcontractor listed in any bid or proposal submitted by a general contractor is not prequalified, that general contractor’s bid or proposal will not be accepted.

The District reserves the right to amend the prequalification package at any time. The District reserves the right to waive minor irregularities and omissions in the information contained in any prequalification application submitted and to make all final determinations. Additionally, a determination by the District that a contractor is prequalified does not amount to a final determination that such contractor is responsible or responsive for purposes of evaluating the bid or proposal. The District may, in accordance with applicable law reject a prequalified contractor’s bid or proposal, and the District may additionally reject all bids or proposals if it determines such action is in the best interest of the public.
