II. Project Description, Plans, and Specifications

The District plans to construct the New K-8 Elementary School in one increment including all off site, utility and on-site infrastructure work as shown of the project plans and specifications. The District has retained PBK-WLC, as its architect for the Project (“Architect”). DSA approval of the plans and specifications have **NOT** been approved for the Project. It is anticipated that plans and specifications will be approved by DSA by March 2022. Drafts of the plans and specifications (“Project Documents”) may be obtained from the Architect, (916) 682-9494. The successful contractor will be responsible for participating in, but not limited to, Constructability Review, Value Engineering, and providing detailed construction cost estimates commencing immediately following contract award as set forth in Section IV.D and continuing throughout the preconstruction phase of the project including an updated construction cost estimated after the project has been approved by DSA.

III. Contract Parameters

A. Proposed Budget

The District will require an open book policy with the successful Contractor and its construction team on the entire Project, meaning that all costs included in the Contractor’s Total Sublease Payment shall be clearly set forth to the District’s satisfaction, including site improvements, as spelled out in the plans and specifications. The cost shall be broken down in the Schedule of Values. The District shall be entitled to have access to required subcontractor bid documentation, value engineering back-up, contingency breakdown and tracking, general conditions breakdown and tracking, documentation of Contractor’s fees, and all other information necessary to verify construction costs.

The Project is subject to the payment of prevailing wages under the California Labor Code and applicable regulations, and the Project will be subject to compliance monitoring and enforcement by the California Department of Industrial Relations in accordance with Article VIII.

B. Contract

The successful Contractor will execute a Site Lease, Sublease, and Lease-Leaseback Construction Services Agreement as set forth in Article VII. The Contractor shall be required to submit a Schedule of Values.

C. Scope of the Fee Proposal

1. Preconstruction Services

2. General Conditions Fee

The second component of the fee proposal shall include general conditions and general requirements, including but not limited to temporary facilities, general requirements, supervision, and equipment as more fully set forth in **Exhibit D** (“General Conditions Fee”). The General Conditions Fee shall be calculated as a monthly fee for each month beginning from the District’s issuance of a notice to proceed through substantial completion of the Project.

The General Conditions Fee shall be made as one monthly fee for the whole Project. Contractors are encouraged to stage construction on the project with any project savings resulting from said staging returned to the district through an approved change order.

As set forth in the Lease-Leaseback Agreement, each Contractor shall provide the District with objectively verifiable information of its costs to perform the work and a written rationale for the General Conditions Fee for the Project, including documentation sufficient to support the calculation.

3. Construction Fee

The third component of the fee proposal shall be in the form of a percentage to be applied to the District’s estimated construction cost as determined in accordance with Education Code section 17406(a)(3) (“Construction Fee”). The Construction Fee is intended to cover all of the office labor costs, fringe benefits, bonds, insurance, overhead and profit, and all other expenses the Contractor will incur in providing the work.

For purpose of this RFQ/P, the Construction Fee will be evaluated based on the District’s estimated construction costs of the Project. Once the construction cost is determined, the successful Contractor’s Construction Fee will be applied to the actual base construction cost to determine the dollar amount Contractor will be paid as its fee. The Construction Fee shall **not** be applied to the General Conditions Fee or to any work that is self-performed by the selected Contractor.

Selection Process

A. Qualification and Experience Portion (200 points)

For the qualifications and experience portion of the best value analysis, the District will consider the responses provided in the Contractor's proposal and prequalification application along with the information provided in Section V-M. The District will evaluate each Contractor's proposal based on the specific criteria listed below and each Contractor's qualifications will be scored on a two hundred (200) point scale using the District's Contractor Scoring Sheet (*See Exhibit A*). Each criterion has a point value which is listed next to the criterion. Each criterion will be evaluated by the District and the District will award a point value to the Contractor for each criterion. The maximum cumulative number of points available to any Contractor is 200 points. The criteria and their corresponding point values are as follows:

1. *Financial History and Licensing*: Contractors will be received up to 10 points based on the firm's financial ability to complete the Project. A prior bankruptcy in the last 5 years will result in a deduction of 5 points. A license suspension may result in a deduction up to 10 points depending on the explanation provided.
2. *Disputes*: Contractors will receive up to 15 points based on factors such as liquidated damages paid, disbarred/disqualified from bidding on public project, denied bid on grounds of non-responsibility, claims against firm in court or arbitration, claims made against owner in court or arbitration, project terminated for cause or by contractor consent, surety payments on contractor's behalf, project with more than 3 stop payment notices, and stop notice resulted in a claim.
3. *Non-Owner Initiated Change Orders*: Contractors will receive up to 25 points based on the value of non-owner initiated change orders for public works projects.
4. *Insurance and Bonding*: Contractors will receive up to 15 points based on factors such as insurance refusal to renew, denied coverage by surety, and bonding capacity.
5. *Safety and Compliance with Law*: Contractors will receive up to 10 points based on factors such as prior CAL and Federal OSHA violations, EPA, Air Quality or RWQCB citations, safety meeting
 - a. frequency, adequacy of the Contractor's injury illness prevention program, Experience Modification Rate, and workers' comp insurance lapse in last five years.
6. *Local Subcontractor Experience*: Contractors will receive up to 10 points based on experience working with subcontractors in Central Valley Counties.
7. *Timely Project Completion*: Contractors will receive up to 15 points for demonstrated ability to deliver projects on time. Failure to substantially complete projects by the contractual completion date over the past 36 months will result in point deductions.

8. *Developer Funded Project Experience*: Contractors will receive up to 15 points for school district or public agency project over \$1,000,000 financed by a developer and/or 3rd party that has been successfully completed by the legal entity submitting the proposal in the last 36 months, up to a total of 15 points.
9. *Twin Rivers Unified School District Experience*: Contractors will receive up to 5 points for each project over \$1,000,000 successfully completed for the District, up to 10 points.
10. *New School Experience*: Contractors will receive up to 10 points for each new school (K-5, K-6, K-8, 6-8, 5-8, 9-12) successfully completed by the legal entity submitting the proposal for any district in the last 36 months, up to a total of 30 points.
11. *Skilled and Trained Workforce Plan*: Contractors will receive up to 20 points based on experience and the plan to meet skilled and trained workforce requirements.
12. *Project Team*: Contractors will receive up to 25 points based on the total experience of the Project team, Superintendents(s), Project Manager(s) and Field Administrator(s), evaluating each individual team member's K-12 experience and years with the firm.

Each completed project identified in the proposal will only be eligible to receive points for one category. If a project qualifies for more than one category, the District will assign points to the category that would maximize the total points. The District reserves the right to adjust the scores based on the information presented at the interviews, which will be based on the criteria listed above.

B. Fee Proposal Portion (100 points)

For the fee proposal portion of the best value analysis, the District will evaluate the total amount of the preconstruction fee, General Conditions Fee and Construction Fee. The fee proposal portion of the best value analysis will be scored on a one hundred (100) point scale. Contractors shall complete the District's Lease-Leaseback Proposal Form (**Exhibit C**) identifying the preconstruction services fee, General Conditions Fee, and Construction Fee for the Project.

The District will score Contractors on the basis of the lowest to highest proposals submitted. The Contractor with the lowest proposal will receive the highest score of 100 points. Other Contractors will receive less than 100 points, calculated by subtracting five (5) points for every \$100,000 increment the proposal exceeds the lowest proposal. In the event two Contractors submit proposals with the same overall price, both Contractors shall be awarded the same amount of points.

C. Interview

On June 8, 2021, the District will interview up to five contractors who receive the highest scores based on the District's preliminary best value analysis as outlined above. Contractors will be contacted by the District to schedule the specific time and location of the interview. The interview will consist of a short presentation (up to 30 minutes) followed by a question and answer period. The District reserves the right to conduct follow-up interviews if it so chooses. No points will be assigned to the interview. The Contractor's preliminary best value score may be adjusted based on the information presented at the interviews. However, any such adjustment will be based on the criteria listed above.

D. Total Best Value Score

After the District has allocated points to qualifying Contractors for the qualification and proposal portions, the District will combine all the points received by each individual Contractor to calculate the Contractor's best value score. District will then rank all Contractors based on each Contractor's best value score. The

Contractor with the highest best value score (highest combined point total from the qualifications and fee proposal analysis) shall be ranked first, and all remaining Contractors shall be ranked in descending order based on the Contractor's best value score, such that the Contractor receiving the lowest best value score receives the lowest ranking.

The District expects to complete and announce its best value analysis, and ranking of proposals from highest best value score to lowest best value score, within thirty (30) days of the deadline for submittal of the proposals.

VII. Award

The District reserves the right to reject any or all proposals, or waive any irregularities in any of the proposals submitted pursuant to this RFQ. The Lease-Leaseback Agreement shall be awarded to the responsive Contractor with the highest best value score. In the event of a tie (more than one Contractor has the same highest best value score), District may award the Lease-Leaseback Project to the Contractor of its choice.

The Board is expected to make its selection at its regular meeting on June 15, 2021. The meeting will be held at 6:30 p.m. The District will issue a statement regarding the basis of the award.

If the Contractor to which the Board awards the Lease-Leaseback Agreement refuses to execute the Lease-Leaseback Agreement or submit a payment bond, performance bond, proof of required insurance, and other required documents within 10 days following award, the Board may revoke the award to that Contractor and award to the Contractor that submitted the next highest ranked proposal. Alternatively, the Board may revoke the award and reject all proposals.

The District reserves the right to cancel or revise this RFQ in part or in its entirety. If the District cancels or revises the RFQ, all known Contractors will be so notified by addenda. The District also reserves the right to extend the date on which responses are due, the date on which it announces the results of its best value analysis, or the date on which the award will be made.

Any Contractor to which a contract is awarded must pay the prevailing rates, post copies thereof at the job site, provide payroll records when required, and otherwise comply with applicable provisions of state law.

E. State Registration

The proposing Contractors and any proposed subcontractors shall not be qualified to submit a proposal, or to be listed in a proposal, for the Project, and shall not be qualified to enter into, or engage in the performance of, the Lease-Leaseback Agreement, unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 *et seq.*) of the Labor Code.
